National Press Building,  
Washington, D. C.

Dear Mr. Tufts:

I have held your letter of March 14 for a few days hoping I could dig up sufficient information on which to base a satisfactory reply to your inquiry.

The more I get into the question of the Bitterroot Range, the more involved becomes the original decision of the board, made in 1907. That decision was evidently made without a careful study of the whole system and with my present knowledge should be clarified and amended.

It will take some little time to study the thing out and I am writing to you to let you know that it will be put up to the board for a decision as to a review of the 1907 decision at its next meeting. What the board may decide to do I cannot prophesy. I feel, however, that the old decision is not satisfactory.

Very sincerely yours,

Will C. Barnes,  
Secretary.
